Major RDU Accomplishments in 2018

 Successfully planned and prepared an upgrade for State of Alaska charge card processing in the Integrated Resource Information System (IRIS). This was an early implementation of a portion of the larger IRIS upgrade project and required significant planning and work from staff in multiple sections, training material was developed, and numerous training sessions were conducted in order.

Key RDU Challenges

Integrated Resource Information System (IRIS) Upgrade – Upgrade to the newest version of IRIS, described as the largest release in over a decade, is scheduled for FY2019. This release offers enhanced functionality but will require significant strategic planning work, along with testing, training, and documentation, to ensure a successful implementation.

Labor Contract Negotiations – Achieve the Administration's objective of long-term successor agreements that meet the economic and managerial objectives for remaining units. Finalize contracts with Marine Engineers Beneficial Association (MEBA), Inlandboatmen's Union (IBU), Masters, Mates and Pilots (MMP), Alaska Correctional Officers Association (ACOA), and Teachers Education Association of Mt. Edgecumbe (TEAME) in time for submission to the 2019 Alaska State Legislature. Initiate negotiation of successor agreements with Alaska State Employees Association - General Government Unit (GGU), Alaska Public Employees Association - Confidential Employee Association (CEA), Alaska Vocational Technical Center Teacher's Unit (AVTECTA) in time for submission to the 2019 Alaska State Legislature.

Significant Changes in Results to be Delivered in FY2020

Health Plans – Enhancing health, dental and pharmacy networks and contractual arrangement to leverage increased savings for the health and dental plans and the members. Continue aggressive management of health plans to bend the increasing cost curve down, improve value and quality, and promote effective member health care consumerism. Analyzing and implementing requirements of federal health care legislation. Continue implementing "best practices" for AlaskaCare Employee Plan members. Identifying and implementing vendor management best practices to

mitigate expenses among high-cost claimants. Increasing member engagement in their health care; promoting the use of evidence-based medicine in plan design; and expanding decision-making support tools.

Integrated Resource Information System (IRIS) Upgrade - The Enterprise Resource Planning (ERP) administrative system, known as IRIS, with integrated procurement, financial, payroll and human resource components is contractually required to be upgraded in FY2019, an effort that will continue into FY2020 and into FY2021. An upgrade is essential to ensure the IRIS system continues to function effectively, to utilize new features that improve productivity, to resolve known issues and defects in the software, and to ensure the version continues to be supported.

Negotiations - The State expects to reach agreement with eight bargaining units for a July 1, 2019, implementation date: Inland Boatmen's Union (IBU), Masters Mates and Pilots (MMP), Marine Engineer's Beneficial Association (MEBA), Teachers Education Association of Mt. Edgecumbe (TEAME), Alaska State Employees Association - General Government Unit (GGU), Alaska Public Employees Association - Confidential Employees Association (CEA), Alaska Vocational Technical Center Teacher's Unit (AVTECTA), and Alaska Correctional Officers Association (ACOA).
